

Motion Regarding Freedom of Speech

Council Notes:

- That bloody Safe Space video played at every meeting is really irritating, especially the music.

Council Believes:

- Annoying videos must be destroyed.

Council Resolves:

- That Michael Daniell shall be allowed to take every copy of that video, put them on a portable hard drive, and then burn it in front of the SU while dancing around the beautiful yellow flames.

Proposed by: Michael Daniell

Seconded by: Natasha Chapman
