

Motion Regarding NUS Membership

Council Notes:

- That the NUS is an organisation.
- That it's an organisation of students and graduates.
- That "students" refers to those actively studying and "graduates" refers to those who have left study.
- That Michael Daniell is a student and soon to be graduate.
- That this student, who it's universally agreed is amazing and a sheer force of nature, enjoys ranting about how students are a pain in the arse who just don't care about things.
- That it's a fact that Michael's dog is the best political running mate that has ever existed.

Council Believes:

- That students should be engaged in the political process.
- That this includes voting on many things.
- That NUS is something that should be voted on.

Council Resolves:

- To hold a referendum on whether there should be a preferenda regarding the holding of another referendum on whether we should stay or leave the NUS.
- That if the referendum is successful a preferenda is held regarding what students think about holding another referendum on NUS membership.
- That if the preferenda is successful then a referendum should be held on whether to leave or stay regarding our NUS membership.
- The University of Lincoln Student's Union shall create the honorary post of "Best Dog", which holds no power or wage, to be held by Michael Kieron Daniell's dog from the approval of this Motion to the end of time itself.

Proposed by: Michael Daniell

Seconded by: Natasha Chapman
