

Motion Regarding Trustee Positions

Council Notes:

- That the title of this motion is a complete lie and in reality this Motion is yet another way for Michael Daniell to deliberately try and have a laugh.
- This is the final ASM/AGM of the year and therefore Michael's last chance to do whatever he wants at the SU.

Council Believes:

- That the right to be a total idiot at the SU is a godgiven right and therefore should be maintained at all cost.
- That if other students don't bother to read what is actually contained in a Motion before voting on it that's their problem.
- Don't blame me, blame my upbringing.
- Please stop sinning while I'm singing.

Council Resolves:

- To make the Executive waste their time on reading this pointless Motion if it gets past AGM.
- The University of Lincoln Student's Union shall create the honorary post of "Chief Drinker of Gin and Keeper of the Union's Menagerie", which holds no power or wage, to be held by Natasha Chapman from the approval of this Motion to the end of time itself.
- That if this gets voted through by AGM Michael Daniell gets to laugh out loud for as long as he wants for the rest of the meeting.
