

Diverse and Inclusive sporting events at Tower Bar

This Union notes:

- That SU venues such as Tower Bar show great sporting events for the benefit of students.
- The showing of great sporting events brings in custom from students and thus increasing the popularity of Tower Bar
- Sporting events greatly contribute to the operational aspect of our Students' Union venues

This Union believes:

- Sporting events make up a great part of the student culture here at the University of Lincoln
- We have a great number of students who partake in a diverse range of sport at the university
- Diversity and inclusion are an important aspect of the #WeAreLincoln ethos

This Union resolves:

- Tower Bar should show a more diverse range of sporting events
- Tower Bar should show an increased number of popular female sporting events
- Added consideration should be made for sporting events in line with the national #ThisGirlCan campaign
