Please e-mail <a href="mailto:societies@lincolnsu.com">societies@lincolnsu.com</a> if you would like to be involved and there will be a prize available at the end to the society that raises the most money for charity. This will not just be societies that will be involved, all sports will be able to get involved too so there is a lot of competition. This isn't just for beards and moustaches, if you struggle growing facial hair then you can improvise. Think of stick on moustaches, drawing them on, the options are limitless.</p> |

## 5. Employability

**CC** Introduction to Employability and May

---

|                                |    |  |
|--------------------------------|----|--|
| <b>Employability Dashboard</b> | 5a | <p><b>ML</b> There is a self-reflection and personal development section and this no longer needs to be approved. Please ensure you are putting the correct hours down for all of your roles. Being a part of a Society can definitely increase your employability skills, and even more so when being a committee member. There are different schemes that are offered such as Duke of Edinburgh Award and The Swans Den. You need to have extra opportunities in addition to your degree. When you are looking for jobs or options after University you will need to have positions that makes you stand out from the person next to you. There is an area to add a description of each role you take part in so you can easily recall each role you do. There is a star rating system on the Dashboard which is a way to see where you are at any given time including a total of your volunteering hours per year. It takes minimal effort to fill this out if you just need to keep on top of it. At the end of your University career you will then have a large document that will outline everything that you've done and it will help your CV. Keep checking in on your Dashboard and you will definitely get the benefits if you take the time. Any roles or training you are involved in at the SU will automatically be on your personal dashboard. There are 8 skills but you can add your own if you find that you are developing additional skills. If you notice any gaps or you are struggling to access and navigate the Dashboard please e-mail <a href="mailto:employability@lincolnsu.com">employability@lincolnsu.com</a>.</p> |

## 6. Discussion Topic

---

|  |    |  |
|--|----|--|
| <b>What would you like to see from WALL</b>      | 6a | <p>There needs to be better promotion and better communication of who has won sport and society of the week.</p> <p>Have posters around the university and not necessarily just advertise it on Facebook.</p> <p>Go around to sports and societies to get involved in sessions etc.</p> <p>The majority are interested in what other sports and societies are doing.</p> <p>There should be some things put on Twitter or Instagram and other social media as not many use Facebook still.</p> |
| <b>What would make you go to Tower Bar more?</b> | 6b | <p>Show more things on the TV's such as events and TV shows and also even reality shows including I'm a Celeb etc.</p> <p>The Swan is a better environment for committee meetings.</p> <p>Show a larger range of sports and not just Football.</p> <p>Better deals than Spoons including food.</p>   |
